

FROM THE DESK OF PRINCIPAL

Education today has moved beyond the realm of knowledge as it has taken a multifaceted approach to help the students to grow. With this aim, Govt. Degree College, Akhnoor has not only been imparting academic education in Arts, Science and Commerce courses but also working for the overall personality development of the students along with career counseling.

Every year boys and girls enter the college to receive education and to make the going smoother because in life they can't do everything; they can't read everything and they can't learn everything. So to make the life smoother and comfortable, the trick lies in prioritizing the essentials and thus a teacher modify a raw behaviour into a human behaviour by shouldering the immense responsibility. As students, they may come into contact with other students and it is through contacts they shall start developing, improving and making a progress in life.

Dear students, to build potential among others are not that easy. It requires you to keep challenging yourself on regular basis. To challenge others is easy but to challenge your own self requires special efforts. It simply means to encourage others and when you do that, you shall be able to build them up.

So, I hope that you join this institution not only to make living but ready to make the life because your relationship with the institution defines its present and its future when you as alumni look back with pride and say that I have been a student of this institution.

Dear students I along with my staff welcome you all for the upcoming academic year and ensure that each student in the college matters to us. Therefore I conclude with the words of the celebrated German poet, Goethe, who says:

Life in this world means action and not dreamy contemplation. The worth of life is determined by deeds and not by years because mere breathing is not life, for insects also breathes; mere eating is not life, for animals also eat; mere movement is not life as snails also move.

INTRODUCTION

History:

Akhnoor is a place of great religious and geographical importance. It is an ancient town established about 1000 years back on the right bank of formidable river 'Chenab'. It is connected with Summer Capital of State by a bridge across River Chenab. It has a population of approx. 5,00,000. The students from this area used to travel to Jammu for higher studies. However due to the visionary and selfless efforts of the local leadership a Govt. Degree College was sanctioned for Akhnoor by Government of J&K and established in August 2005. Initially it started functioning from Govt. Middle School Akhnoor with 104 students and with Arts stream only. Subsequently the college was shifted to its own campus in the year 2007. In 2010 Science stream was also introduced with the establishment of four Science Departments viz. Physics, Botany, Chemistry and Zoology. The student enrollment recorded a steep increase since establishment. At present GDC Akhnoor is the largest of the fellow colleges established in 2005 with an enrollment of 2000 approx. Within a short span of time, GDC Akhnoor has made remarkable progress as an established institution of Higher Education.

To augment further in the field of Higher Education a study centre of IGNOU was established in the college in the year 2011 to take education to the door steps of socially and economically under privileged section of the society.

Location:

Government Degree College, Akhnoor is situated at village Palwan on Kaleeth road about 6 Km from Akhnoor town. The location of this college is away from the hustle and bustle of city which provides congenial environment for studies. Moreover, it can be easily accessed from any part of Akhnoor Tehsil.

Campus:

College Campus has about 340 kanals area well demarcated for the future academic growth of this institution. The college building has 10 classrooms, 5 laboratories (Physics, Chemistry, Botany, Zoology and Computer). Administrative block, library, office of IGNOU, Red Cross, NCC, NSS, Health Centre, Gymnasium, IQAC, Smart Class Room and Girls Common Room.

Goals and Objectives

- To impart high quality education to the students of the society.
- To inculcate in the students strong intellectual, moral, physical, aesthetic, attitudes and ideals.
- To produce graduates capable of responding to the challenges of life in every possible way.
- To vanish the darkness that has eclipsed the sovereign virtues of the women of the State in the Past.
- To provide value based learning that has far greater relevance in a dynamic and ever changing work environment.
- To help students by providing them self help courses so that they can be self reliant.
- To offer wide range of choice for study at various levels catering to a cross section of students from all backgrounds.
